When Quick Turnarounds Count

TEC® Level Set® 300
Self-Leveling Underlayment

Ideal for quick turnarounds, TEC® Level Set® 300 allows you to quickly smooth substrates without sacrificing performance. This high quality, fiber-reinforced, self-leveling underlayment provides you with a flat, extremely smooth and durable surface that is walkable in 2-3 hours. And, you can install moisture-sensitive floor coverings in as little as 16-24 hours.

Level Set® 300 Self-Leveling Underlayment

Ideal for fast track applications, TEC® Level Set® 300 is a high-performance, fiber-reinforced, calcium aluminate-based, self-leveling underlayment that provides a flat, extremely smooth, and strong, durable surface for finished flooring installation. It is pourable or pumpable for interior applications, offers exceptional workability for an ultra-smooth surface, is walkable in 2-3 hours, can be applied up to 2” (50 mm) neat in single applications and be featheredged to adjoining elevations. For details about TEC® product or system warranties, contact your sales associate or visit tecspecialty.com.

Suitable Substrates
When properly prepared, suitable substrates include:

- Concrete
- Pavers
- Cement backerboard
- Strip wood flooring
- Exterior grade plywood  
  (with reinforcement mesh)
- Gypsum substrates—minimum tensile bond strength 72 psi (0.5 MPa)

Features and Benefits

- Formulated for fast-track applications – walkable in 2-3 hours
- Up to 2” (50 mm) neat and can be featheredged to adjoining elevations
- Applied up to 5” (12 cm) with proper aggregate
- High compressive strength - 5,500 psi (38.0 MPa)
- Accepts non-moisture sensitive tile and stone in 4 hours
- Contributes to LEED® project points
- Zero VOC

Coverage

Coverages shown are approximate. Actual coverages may vary according to substrate conditions and thickness of applications.

| Flooring Installation | Tile: 3-4 hours  
  Moisture sensitive: 16-24 hours |
| Flow (ASTM C1708) | 5”-6” (12.7-15.2 cm) |
| Storage     | Store in cool, dry area away from direct sunlight.  
  Do not store open containers. |
| Shelf Life  | Maximum 1 year from date of manufacture in properly stored,  
  unopened package. |
