Bring on the Tough Tile Installations

InColor® Advanced Performance Grout

InColor® is a ready-to-use advanced performance grout - a breakthrough for installers who need to work smarter, not harder. Ready to go the minute you open the pail, the powerful formula is chemical resistant, mold and mildew resistant and stain-proof** with color consistency you can count on. InColor® can be installed in both commercial or residential interior and exterior applications, including pools†. It requires no sealing, cleans easily and is available in 32 colors.

You’ll be ready for the tough tile installations with InColor®.
